AMENDMENT UNDER 37 C.F.R. § 1.604

Under the provisions of 37 C.F.R. § 1.607, please amend the subject application by adding the following claims:

55. An electronic appliance including:
a disk use arrangement for at least one of (a) reading information from, and (b) writing information to, a digital versatile disk optical storage medium; and
a secure node coupled to the disk use arrangement, the secure node providing at least one rights management process.
56. An electronic appliance including:
a disk use arrangement for at least one of (a) reading information from, and (b) writing information to, a digital versatile disk optical storage medium; and
at least one processing arrangement coupled to the disk use arrangement, the processing arrangement selecting at least some control information associated with information recorded on the storage medium based at least in part on the class of the appliance and/or the user of the appliance.
